Offices of Other Health Practitioners	133	\$55,429	-108	40
Individual and Family Services	82	\$30,648	58	37
Amusement Parks and Arcades	62	\$21,361	54	31
Other Amusement and Recreation Industries	122	\$34,881	-20	26
Warehouse Clubs, Supercenters, and Other General Merchandise Retailers	178	\$40,739	36	25
Building Equipment Contractors	165	\$73,907	119	24
Offices of Physicians	110	\$100,628	-304	24

"Administration of Economic Programs " and "Administration of Environmental Quality Programs " are projected to have the largest job declines in the region over the next ten years.

Industry	Employment	Avg Ann Wages	Hist 10yr Change	Proj 10yr Growth
Administration of Economic Programs	0	n/a	-3	0
Administration of Environmental Quality Programs	0	n/a	-1	0
Administration of Human Resource Programs	0	n/a	-1	0
Justice, Public Order, and Safety Activities	0	n/a	-3	0
Executive, Legislative, and Other General Government Support	0	n/a	-2	

Career Cluster Growth Forecasts

With hundreds of occupations, it can be difficult for educators to pinpoint the most promising high-demand and high-wage occupations in their region that provide rewarding careers for their students. Analysis of the sixteen CTE Clusters provides an entryway into career pathways.

Of the sixteen career clusters, all are expected to expand employment in ZCTA 85298 over the next ten years. Of those all, "Science, Technology, Engineering & Mathematics," "Information Technology," "Health Science," "Finance," "Law, Public Safety, Corrections & Security," "Business, Management & Administration," "Government & Public Administration" and "Arts, A/V Technology & Communications" pay more than the average occupation wage in the region (\$62,500).

Career Cluster Forecasts Including Retirement Demand

Similar to the analysis of industry employment growth, an accurate assessment of future occupation demand requires that the number of people retiring be taken into account as shown in the table below. In ZCTA 85298,

Data Notes

Industry employment and wages (including total regional employment and wages) are as of 2023Q1 and are based upon Bureau of Labor Statistics (BLS) QCEW data, imputed by Chmura where necessary, and supplemented by additional sources including non-covered employment such as self-employed. Employment forecasts are modeled by Chmura and are consistent with BLS national-level 10-year forecasts.

Occupation employment is as of 2023Q1 and is based on industry employment and local staffing patterns calculated by Chmura and utilizing BLS Occupation Employment and Wage Statistics (OEWS) data. Wages by occupation are as of 2023Q1, utilizing BLS OEWS data, imputed and brought forward by Chmura. Occupation employment forecasts are modeled by Chmura and are consistent with BLS national-level 10-year forecasts.

Job ads data are online job posts from the Real-Time Intelligence (RTI) data set, produced wholly by Chmura and gleaned from over 40,000 websites. Data reflect ads active during the last twelve month period ending 08/09/2023 and advertised for any Zip Code Tabulation Area in or intersecting with the region for which this report was produced.

For skill and certification gaps, openings and candidates are based upon regional occupation demand (growth plus separations) and the percent of skill demand and supply. Skill demand mix data are per a one-year sample of RTI data; skill supply data are estimated using a five-year sample of resumes data; both data sets compiled as of August 2021.

Data may be based, at least in part, on data from broader geographies; see the Skill Gaps analytic export for more details.

Postsecondary are per the National Center for Education Statistics. Awards and enrollment are for the 2020-2021 academic year and average net price data are for the 2020-2021 academic year.

Figures may not sum due to rounding.
